### Baby food

Each product purchased below contains 12 1-ounce squares of frozen food. Use breastmilk or formula to thin the food if you need a smoother consistency. Use rice cereal to thicken if needed.

Please see the [FAQs](#) for all the food handling information.

Until I get this set up to order, please email me your order. If you would like something that you don't see below or you have any suggestions or questions, please [contact me](#). I plan to add different variations and sections as soon as I'm up and running fully.

To start out, I have decided to keep my options very simple. If there is something you would like, please [let me know](#) and I'll see what I can do. I plan to change out the below products at times and also add in more options, combinations, a monthly meal plan, etc.

PRODUCT	PRICE	INGREDIENTS
